

**PRESS RELEASE**  
**Stand C 066**

## ReelEZ Display brings you **A Retractable Signage System**

Change signs in less than one minute!

- **Play It Safe**

Using this retractable signage system, employees can change merchandising signage safely from the floor – no ladder needed.

- **Reduce Labor Costs**

This safety signage system allows one person to handle the entire job with both hands free, freeing up other employees to do other things and be more productive.

- **Simple and Versatile**

Reel EZ ceiling signage system easily attaches to any ceiling type. Its streamlined design makes for quick installation, which means your merchandising signage gets to work for you faster.

- **Perfection Every Time**

You can adjust the height of your sign by following colored markings on the 10-foot extension. Once you hang the new signs, a self-leveling feature ensures clean, uniform presentation every time.

- **Generate More Revenue**

Signs can't help sell if they don't get hung. Reel EZ retractable signage makes it easy!
